

WeGetCloser 2
Stoff-Pavillon Köln
5.–20.07.2025
Vernissage 5 July 2025, 6pm
Stoff-Pavillon, Hahnenstraße 8, 50667 Köln

With the second edition of WeGetCloser, artists will find a place in the listed Stoff-Pavillon Köln that allows artistic interventions *in situ*, *in vitro*, *in planta*, to grow together with the architectural organism of the 1950s glass landmark.

In this interdisciplinary and intercultural exhibition, we encounter artists and their works - from performance, sculpture, painting, digital art and installation to works that oscillate between all these media. Carolin Eidner @carolineidner, Roy Mordechay @roymordechay, Sarah Kürten @sarahkuerten, Mounir Ayache @mounirayache1, Ilka Helmig @ilkahelmig, Gesine Grundmann @gesine.grundmann, Klaus Kleine @klauskleine and Oliver-Selim Boualam @oliverboualam, meet in the idea of dialogue, whether out of their practice or through their simultaneous presence in the exhibition space. As part of an ongoing series, WeGetCloser 2 marks a processual continuation of the curatorial concept that began with the debut at the Fahrbereitschaft Berlin (2024) and complements the field of participatory and site-specific practices. The format functions less as a fixed structure and more as a space of possibility, focussing on collective proximity, processual synergy and situational presence. A fourth practice is thus articulated in the course of the exhibition, which extends beyond the familiar modes *in situ*, *in vitro*, *in planta*: *in tuto* - a state in which the work exists not only in the space, but with it, through it and as part of a larger context.
